

Saadani National Park

Is a unique and exciting destination in Tanzania, offering a blend of marine and terrestrial wildlife, beautiful beaches, and lush mangrove forests.

Explore the diverse landscapes of Saadani on a game drive. You'll have the chance to see elephants, lions, giraffes, zebras, buffaloes, and many bird species.

Boat Safaris

Take a boat Safari along the Wami River to observe hippos, crocodiles, and numerous bird species. This is a great way to see animals coming to the river to drink.

Walking Safaris

Experience the park on foot with a guided walking Safari. This allows you to get closer to nature and learn about the smaller details of the ecosystem.

Beach Activities

Enjoy the unique experience of relaxing on the beach within a national park. You can swim, sunbathe, and even spot wildlife along the shoreline.

Visit to Madete Beach

Madete Beach is a significant green turtle breeding site. You can learn about and possibly witness the conservation efforts for these endangered creatures.

Bird Watching

Saadani is a paradise for bird lovers, with a wide variety of bird species to observe, especially along the Wami River and in the mangrove forests.

Cultural Visits

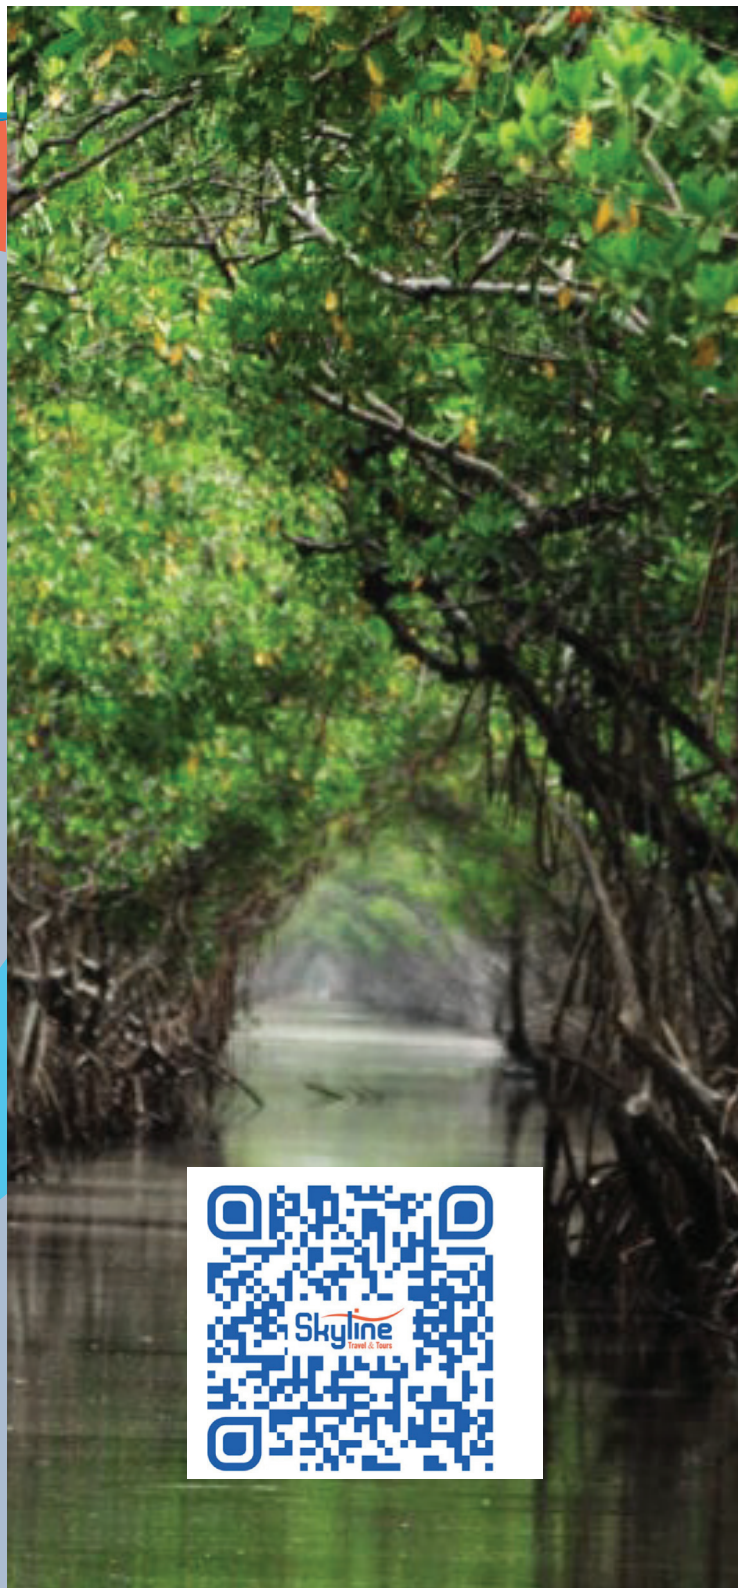

Visit Saadani Village and explore the historical Slave Building Ruins to learn about the local culture and history.

Zaraninge Coastal Forest

Explore the lowland coastal forest of Zaraninge, which is rich in biodiversity and offers a different perspective of the park.

Mafui Sandbank

Visit the Mafui Sandbank, which appears during the day and disappears in the evening. It's a great spot for snorkeling and enjoying marine life. a place where lunch and sun bathing can give maximum relaxation
